~~[Memorandum number _____, registered under section 155A of the Land Transfer Act 1952]~~

~~[Annexure Schedule 1]~~

Continue in additional Annexure Schedule, if required

ANNEXURE SCHEDULE 1

Page 2 of 2 pages

Insert instrument type

Easement instrument to grant easement or *profit à prendre*, or create land covenant**1 Definitions and Interpretation**

1.1 In this Easement Instrument, unless the context otherwise requires:

“**Act**” means the Resource Management Act 1991;

“**Dominant Tenement**” means all of the land presently comprised Certificates of Title NL12C/376, NL12C/375, 459169, 459998 and NL13B/581.

“**Servient Tenement**” means all of the land presently comprised in Certificates of Title 821356 and 636068.

“**Grantor**” means the registered proprietor for the time being of the Servient Tenement and includes any tenant or occupier or their successors in title.

“**Grantee**” means the registered proprietor for the time being of the Dominant Tenement and includes any tenant or occupier or their successors in title.

1.2 The following rules of interpretation apply to this Easement Instrument:

1.2.1 Headings are for ease of reference only and do not imply any interpretation.

1.2.2 Any obligations on two or more persons shall bind those persons jointly and severally.

1.2.3 Any obligation not to do anything includes an obligation not to suffer, permit or cause that thing to be done.

1.2.4 Words importing the plural or singular import the singular or plural respectively.

1.2.5 References to persons include references to individuals, companies, partnerships, trusts, organisations and other entities in each case whether or not having separate legal personality.

1.2.6 References to any statute or subordinate legislation include any amendments or replacements of it.

2 Covenants

2.1 The Grantor for itself and its successors in title covenants and agrees for the benefit of the Grantee and its successors in title of the Dominant Tenement that:

2.1.1 all dwellings have a system in place ensuring that such dwelling houses are capable of internal ventilation at night, such system to be such that ventilation may take place without opening windows.

2.1.2 each residential internal ventilation system shall also contain an activated carbon fabric filtration system or its equivalent. The purpose of installing such a system is to remove intermittently occurring VOC's (Volatile Organic Compounds) and odours from the interior of the dwelling.

2.1.3 That all dwellings must be acoustically designed or fitted with sound attenuation measures designed to meet an internal night-time (9.00 pm to 7.00 am) standard of 30 dBA L_{eq} and 70 dBA L_{max} with the ventilation system mentioned in 1 above, when operating.

2.1.4 the Grantor will not:

(a) directly or indirectly object to, appeal, complain about, bring or contribute to any proceedings (whether in contract, tort (including negligence), equity, nuisance, public nuisance, under any statute or otherwise, and whether seeking damages, injunctive or

ANNEXURE SCHEDULE 1

Insert instrument type

Easement instrument to grant easement or *profit à prendre*, or create land covenant

other relief or any order) in respect of, interfere with, prevent, hinder, obstruct or otherwise oppose in any way:

- (i) the operations of and any adverse environmental effects (including but not limited to noise, dust, traffic, vibration, glare or odour) resulting from any lawfully established activities conducted on the Dominant Tenement by the Grantee (and/or any of its contractors, lessees or authorised persons); or
 - (ii) any application for a resource consent made to a relevant consent authority under the Act in relation to the operations and activities of the Grantee (and/or any of its contractors, lessees or authorised person) on the Dominant Tenement, or for any development proposal or operations or activities proposed to be undertaken on the Dominant Tenement, including any application for a change or cancellation or review of consent conditions, or for renewal of any resource consent in respect of the Dominant Tenement (**Application**) sought by or supported by the Grantee.
- (b) Grant any lease, licence, tenancy or other right to occupy (**Occupation Right**) all or any part of the Servient Tenement which does not include a covenant (enforceable by the Grantee) requiring the recipient to observe, perform and comply with the terms of the covenant specified in clause 2.1 of this Easement Instrument.

2.1.5 The Grantor shall not, whether directly or indirectly, procure, fund, or support any person or action to do or omit anything that would be in breach of the covenants specified in clause 2.1 of this Easement Instrument if done or omitted by the Grantor.

3 Conditions Relating to Covenants

3.1 The Grantor covenants and agrees that, if called upon by the Grantee, it will sign any document or give its written approval for, and do any other thing reasonably necessary to support any Application. The Grantor shall provide any necessary further written approval to such Application if requested by the Grantee and, in the event of the Grantor failing to do so, the Grantee shall be entitled to provide a copy of this Easement Instrument to the relevant consent authority as evidence that such written approval is given.

4 Limitation of Liability

4.1 The covenants in this Easement Instrument are enforceable only against:

- 4.1.1 The Grantor as registered proprietor for the time being of the Servient Tenement; and
- 4.1.2 Any previous registered proprietor who has breached any of the covenants in this Easement Instrument while a registered proprietor of the Servient Tenement.

***** End of Report *****

Form 26**Covenant Instrument to note land covenant**

(Section 116(1)(a) & (b) Land Transfer Act 2017)

Covenantor

Richmond West Development Company Limited

Covenantee

Richmond West Development Company Limited

Grant of Covenant

The Covenantor, being the registered owner of the burdened land(s) set out in Schedule A, **grants to the Covenantee** (and, if so stated, in gross) the covenant(s) set out in Schedule A, with the rights and powers or provisions set out in the Annexure Schedule(s).

Schedule A*Continue in additional Annexure Schedule, if required*

Purpose of covenant	Shown (plan reference) DP 546058	Burdened Land (Record of Title)	Benefited Land (Record of Title) or in gross
Land Covenants	DP 546058	928729 to 928766, 928770 to 928807 934721 to 934738 and 934743	928729 to 928766, 928770 to 928807 934721 to 934738 and 934743 and In Gross

Covenant rights and powers (including terms, covenants and conditions)

The provisions applying to the specified covenants are those set below:

CONTINUATION OF SCHEDULE A

Covenant provisions

To the intent that the covenants herein shall run with the burdened land(s) referred to in Schedule A hereof, forever for the benefit of the benefitted land(s) referred to in the said Schedule A hereof.

Interpretation

Unless the context specifies or requires otherwise, the following words and phrases when used in this Schedule shall have the meanings specified below:

“Developer” means **Richmond West Development Company Limited**

“Lot(s)” in relation to this instrument means a Lot(s) on DP **546058**

“Subdivision” means the subdivision comprised in DP 546058

“Covenantee” in relation to this instrument means the registered proprietor of the benefitted land(s) and includes the agents, employees, contractors, tenants, licensees and other invitees of the Covenantee.

“Covenantor” in relation to this instrument means the registered proprietor of the burdened land(s) and includes the agents, employees, contractors, tenants, licensees and other invitees of the Covenantor.

The Developer shall only be liable in respect of the stipulations and restrictions which occur while it is the registered proprietor of the burdened land(s) and will not be liable because of any action it takes or fails to take or for any default in any building erected on any of the Lots or at all as a result of these restrictions or otherwise and the registered proprietors for the time being of the burdened land(s) and benefitted land(s) shall indemnify and keep indemnified the Developer from any costs claims suits demands or liabilities or otherwise howsoever arising out of or under or by virtue of this instrument in respect of any of the burdened land(s) which have been transferred by it to another registered proprietor.

If any dispute or difference arises between burdened land(s) and benefitted land(s) owners in relation to these covenants including as to what may constitute a breach of these covenants or to the meaning or interpretation of these covenants, whilst the Developer is the owner of any benefitted land(s) then the same shall be referred to the Developer for resolution whose decision shall be final.

In the event that the Covenantor or any subsequent burdened land(s) owner is in breach of any of these covenants they shall on request from the Covenantee or any subsequent benefitted land(s) owner (any of whom are included in the expression “Enforcer” in this clause) immediately and permanently desist from and remedy any such breach at their cost. The Covenantor or any subsequent burdened land(s) owner shall also pay to the Enforcer:

The Enforcer’s costs, fees and charges incurred in respect of ensuring compliance with these restrictive covenants including any costs, fees and charges incurred in dealing with any claims against the Covenantor by third parties arising from such breach, plus a 50% liquidated damages surcharge; and

The costs, fees and charges of any other person entitled to enforce the remedies.

The provisions applying to the specified covenants are those set out in Schedule B.

SCHEDULE B**Schedule of Covenants****1. Design Controls**

The **Covenantor** shall not erect or permit to be erected on the Lot:

- 1.1 Any building, structure or improvement without first obtaining the written approval of the Developer (or its nominated representative) to the final building plans and specifications (and where appropriate in the same form as intended to be submitted to the territorial authority for a building consent) and such specifications shall include full details of all exterior colour schemes and finishes and details of driveways and front yard landscaping.
- 1.2 Approval shall be entirely at the discretion of the Developer in all respects provided that should the Developer (or its nominated representative) fail to approve or disapprove such plans and specifications within 25 working days of receipt of the same, then it shall be deemed to have approved the same. The Covenantor shall not apply for a building consent until such time as the Developer's approval, whether deemed or otherwise, has been obtained.
- 1.3 The Developer shall be entitled to serve an injunction notice on the Covenantor to cease all work if the Covenantor shall commence any construction work without having first obtained the approval of the Developer in accordance with this clause.
- 1.4 The obligation to obtain the approval of the Developer (or its nominated representative) pursuant to this clause shall expire Fifteen (15) years after the date of registration of this instrument.

2. Design Guidelines

2.1 For guidance, the following are not permitted.

- 2.1.1 Any dwelling that is less than 175m² in size (including double garage of minimum 36m²) for Lots 199 to 201, 262 to 270, 370 to 376, 385 to 391 and Lots 434 to 442;
- 2.1.2 More than one dwelling on any Lot;
- 2.1.3 Any dwelling that is a single rectangle;
- 2.1.4 Any building or structure that does not contain at least one roof break or one full valley in its roofline;
- 2.1.5 Any relocated, transportable, kitset or used dwelling provided that:
 - 2.1.5.1 One prefabricated (but not used) garden shed which is adequately screened from neighbouring properties may be placed on the Lot; and
 - 2.1.5.2 Builder's sheds or other similar buildings required during construction of any dwelling may be placed on the Lot during such construction but must be removed on completion of construction.
- 2.1.6 Any dwelling, building or other structure with an external wall cladding of:
 - 2.1.6.1 galvanised iron, zincalume or metallic cladding material unless such cladding material has a proprietary coating system and the area of which exceeds 20% of the total area of the external walls of the dwelling, building or other structure; or
 - 2.1.6.2 any sheet material (e.g. fibre cement sheet, Hardiplank or other flat Hardie sheet or Hardie cladding product) unless such material has a proprietary finishing system applied or is properly sealed and painted, and the area of which exceeds 20% of the total area of the external walls of the dwelling, building or other structure; or
 - 2.1.6.3 any PVC, plastic or materials coated in PVC or plastic; or
 - 2.1.6.4 any pre-used building materials; or
 - 2.1.6.5 any other building material which in the opinion of Richmond West Development Company Limited (or its nominated representative) detracts from the good quality of the subdivision and the local housing standard.

3. Building

- 3.1 The **Covenantor** shall not make any alterations or changes to the plans or specifications of the dwelling, building or structure, once approved by the Developer during the construction process without first having obtained the Developer's written approval.

- 3.2** The Covenantor shall commence construction no later than three months from the date of the building consent for a dwelling on the Lot and shall complete construction within 12 months of the date of commencement and the Covenantor shall not allow:
- 3.2.1 a period of more than three (3) months to elapse without substantial work being carried out once such work has commenced;
- 3.2.2 in the case of a dwelling, the dwelling to not be fully clad and roofed by the date that is five (5) months from the date the foundations for that dwelling are laid.
- 3.2** The Covenantor shall not occupy nor allow any dwelling constructed on the Lot to be occupied until the dwelling has been completed in accordance with the requirements of the local authority nor will the Covenantor allow any temporary structures, vehicles, caravans, tents or other similar accommodation to be used for temporary residential purposes prior to completion of the dwelling.
- 3.3** The Covenantor shall not move, damage or remove any survey pegs or markers on the Lot and in the event of any breach of this restriction, the Covenantor shall, at the sole cost of the Covenantor, have such pegs or markers replaced by a registered surveyor and if the Covenantor shall not comply with this covenant within 30 days of being requested to do so by any benefitted land(s) owner, then such benefitted land(s) owner shall have the right to instruct a registered surveyor to replace such pegs and markers and the Covenantor shall be liable for all associated costs.
- 3.4** The Covenantor shall not allow any masts, other structures, trees or shrubs to exceed a height of 5m above the average ground level of the Lot or 5m above the height of the Lot at any particular point.
- 4. Maintenance**
- 4.1** The Covenantor shall not allow any building or structure on the Lot to become dilapidated or to fall into disrepair and shall not allow any nuisance or unreasonable disturbance to be caused to any owner or occupier of other Lots in the subdivision.
- 4.2** The Covenantor shall not allow the Lot to become littered, overgrown or unsightly to the intent that the Lot shall be maintained in a neat and tidy condition (including not allowing grass to grow to a height greater than 100mm), nor allow any noxious weeds (including gorse, blackberry or ragwort) to grow on the Lot.
- 5. General Standards/Use**
- 5.1** The Covenantor shall not store or allow to be stored, any car, caravan, recreational vehicle, craft, trailer, trade vehicle, or other equipment or machinery on any part of Lots 700, 701 and 703 on DP 546058 being vested as Road. Short term parking by visitors and trades people will not be a breach of this covenant.
- 5.2** The Covenantor shall not store or allow to be stored, any caravan, recreational vehicle, boat, craft, trailer, trade vehicle, or other equipment or machinery on any part of the Lot unless it is a minimum distance of 5.5m from the road boundary.
- 5.3** The Covenantor shall not permit any caravan to be kept on the Lot for temporary accommodation.
- 5.4** The Covenantor shall not allow any animals to be brought onto or kept on the Lot other than up to two dogs and/or two cats. No pet shall be permitted which makes a noise in a manner or of such volume as to annoy or disturb others.
- 5.5** The Covenantor shall not keep or allow to be kept on the Lot any dog which is generally recognised as being an aggressive breed and which may cause a risk to owners or occupiers of other properties in the subdivision (e.g. Pit Bull Terrier; Rottweiler and Doberman Pinscher).
- 5.6** The Covenantor shall not carry out nor permit to be carried out on the Lot any activity which does not comply with the Tasman District Council permitted activities in a Residential Zone provided however that this clause shall not apply to the use of the property for the purposes of a builders show home (and ancillary builders office) for a period of no more than 2 years from the date of completion of such shown home.
- 5.7** The Covenantor shall not use or permit the use of the property for anything other than private residential purposes.
- 5.8** The Covenantor shall not for a period of 20 years from the date of registration of these covenants subdivide the Lot and the term "subdivide" shall have the same meaning as "subdivision of land" defined in Section 218 of the Resource Management Act 1991.

6. Fencing

6.1 The Covenantor shall not use any second-hand building materials for fencing on the Lot.

6.2 The Covenantor will not call upon and acknowledges that **Richmond West Development Company Limited** will not be liable to pay for or contribute towards the cost of any boundary fencing.

6.3 The following fencing requirements to be complied with:

6.3.1 Front yard fencing is restricted to a pool fence or 50% permeable fence to a maximum height of 1.2m;

6.3.2 No front yard fencing within 2m of road boundary;

6.3.3 No internal fencing – side boundaries – within 2m of road boundary;

6.3.4 Fencing of any Lot boundary along either the swale or Borck Creek boundary shall be no higher than 1.2m and must be built using black pool fencing materials;

6.3.5 Side boundary Fencing can taper from 1.2m in height to 1.8m in height from the point 2m from the road boundary to 5m from the road boundary;

6.3.6 1.8m fencing is permitted from 5m from the road boundary to the rear boundary.

7. Landscaping/Planting

7.1 The Covenantor will ensure that the front yard of the Lot is fully landscaped within Six (6) months from the date of issue of the Code Compliance Certificate for the dwelling erected on the Lot.

7.2 The Covenantor shall not grow or allow to grow on the Lot any tree, shrub or other vegetation to a height which exceeds 5.0 metres above ground.

7.3 The Covenantor will ensure that all landscaping completed by the Developer either adjacent to any road boundary or straddling adjoining boundaries are retained and maintained.

8. Modification

8.1 Whilst **Richmond West Development Company Limited** remains registered proprietor of any Lot it reserves the right to itself (with the intent that this right does not pass to its successors in title) to waive or modify any of the above covenants, but it will only do so, if in its opinion, such action does not impinge on the integrity of the subdivision in its entirety.

CONSENT NOTICE

PURSUANT TO SECTION 221 RESOURCE MANAGEMENT ACT 1991

TASMAN DISTRICT COUNCIL

SH180019

LT PLAN 546058

The Tasman District Council hereby gives notice pursuant to Section 221 of the Resource Management Act 1991 that the subdivision consent in respect of LT Plan 546058 being a subdivision of the land in Records of Title 636068 and 899349 was granted subject to the following conditions to be complied with on a continuing basis pursuant to Section 108(1) of the Resource Management Act 1991:

The following condition shall apply to Lots 198 to 204, 257 to 272, 368 to 422 and 426 to 442 inclusive:

1. Future development must be undertaken in accordance with Resource Consent SH180022V1. Non-compliance with this resource consent will require an additional resource consent.
2. The construction of any buildings on the Lots must not exceed four storeys and 12m in height. This condition is to ensure compliance with the qualifying development criteria of the Richmond West (The Meadows) Special Housing Area. This does not override the height of the buildings approved in resource consent SH180022V1 unless a further resource consent is obtained.
3. The Lots will be serviced by a low-pressure sewer system where the pump station will be owned by Council and an easement will allow access to the site. Owners will install a power board unit on the side of the dwelling and will allow unrestricted access to the board for Council or Council contractors. Power for the pump station is to be supplied and paid for by the home owner.
4. Fencing and planting along a reserve boundary or adjoining Borck Creek must be maintained at a maximum height of 1.2m above ground level (including the height of any retaining walls) to maintain passive surveillance over these adjoining reserve/recreation spaces. This restriction relates to Lots 368 to 385 and 428 to 442. Any fencing or planting on a side boundary (that does not front a reserve) and is immediately perpendicular to Borck Creek or any other reserve must taper from no more than 1,2m to a height not exceeding 1.8m, reaching that height no closer than 5 metres from the Borck Creek frontage or other reserve frontage.
5. A 2m high acoustic fence, along the McShane Road frontage, shall be maintained with a surface mass of at least 10kg/m² and also be continuous with no gaps or cracks, at all times. This relates to Lots 257 to 262 and along the common boundary of the adjoining Lot 1 P 467493 of Lots 257 to 261.
6. The consent holder shall comply with the Noise Assessment Report dated 4 October 2019 prepared by Acoustic Engineering Services (ref:AC18211-02-R2) submitted with SH180022V1, specially the following shall be complied with (but not limited to):

- (a) Prior to, or at the time an application is made for building consent for residential dwelling/units the plans shall show where the ventilation units are in the dwelling/unit ensuring that such dwelling/unit houses are capable of internal ventilation at night, such that ventilation may take place without opening windows.
7. Prior to the occupation of any dwelling/unit, a report prepared by a suitably qualified acoustic expert must be provided to the Team leader, Compliance Monitoring, confirming the construction of each residential dwelling/unit has been undertaken in accordance with the report provided in conjunction with condition 6 above.
- Advice Note:*
The consent holder may provide one report from a suitably qualified expert to collectively confirm compliance with clauses 6 and 7 above. This report may also collectively demonstrate compliance for more than one proposed dwelling.
8. Each Lot shall accommodate no more than one residential dwelling/household unit and shall not be further subdivided.

The following conditions shall apply to Lot 262

9. Lot 262 shall not have any direct pedestrian or vehicular access to McShane Road.

The following condition shall apply to Lots 198 to 204, 257 to 272, 385 to 394 and 428 to 433 inclusive:

10. Foundations of any structure shall achieve offsets from any batter slope consistent with Figure 3.1 of NZS3604:2011. Any design which does not achieve the required offset shall be subject to specific investigation by a suitably qualified geo-professional.

The following condition shall apply to Lots Lot 385 and Lots 428 to 433 inclusive only:

11. Any construction beyond a BRL shall be subject to specific investigation and design by a suitably qualified geo-professional. For the avoidance of doubt, the specification of a BRL does not remove the need for compliance with Development Condition 10 or with the other development conditions in the report dated 21 August 2018 issued by David Ogilvie (Project 37435).

The following condition shall apply to Lots 198 to 204, 257 to 272, 368 to 422 and 426 to 442 inclusive:

12. Foundations shall penetrate all topsoil, organic, weak or otherwise unsuitable ground (if present), to bear in competent "good ground" with a geotechnical ultimate bearing capacity of 300 kPa in accordance with NZS3604:2011 Timber framed buildings.
13. During construction, all footing excavations and stripped areas below proposed concrete slab foundations should be inspected and approved by a suitably qualified person to confirm that the ground conditions are consistent with those described in the reports dated June 2020 issued by David Ogilvie (Project 37435).
14. Storm water from roofs, paved, hard standing and impermeable areas, drainage from retaining walls, surface drains, and overflows from standing bodies of water, such as ponds, shall be collected and discharged in a controlled manner to the Tasman District Council storm water system.
15. All excavations, including for foundations and service trenches for cables and drains, shall be designed and constructed in a manner that does not induce saturation of the adjacent ground, and in particular the certified fill.

16. Any earthworks involving cuts or fills greater than 0.8 m in height shall be subject to specific investigation and design by a chartered professional engineer experienced in geotechnical engineering or by an experienced engineering geologist.
17. Retaining walls should be designed and inspected during construction by a Chartered Professional Engineer practicing in structural or geotechnical engineering when:
 - a. the wall is 1.2 m in height or greater,
 - b. the wall is retaining ground supporting surcharge loads such as buildings,
 - c. the wall retains slopes of over 5H:1V, and
 - d. the wall is founded on sloping ground of over 5H: 1V.

Regardless of the above requirements, all retaining walls must be in compliance with the Building Act 2004 and the Tasman Resource Management Plan.

The following condition shall apply to Lots Lot 368 to 384 and Lots 434 to 442 inclusive only:

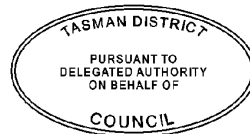

18. Any construction beyond a BRL shall be subject to specific investigation and design by a suitably qualified geo-professional.

Dated at Richmond this 29th day of June 2020.
