2. It is the Covenantor's intention that the Lots specified as "Burdened Lots" in Schedule A are to be subject to the land covenants in Schedule B for 21 years from 1 November 2022 for the benefit of each of the lots specified as "Benefited Lots" in Schedule A **TO THE INTENT** that the Burdened Lots shall be bound by the stipulations and restrictions set out in Schedule B for 21 years from 1 November 2022 and that the owners and occupiers for the time being of the Benefited Lots may enforce the observance of such stipulations against the owners or occupiers for the time being of the Burdened Lots.

Schedule B

For a period of 21 years from 1 November 2022 the registered owner of each Burdened Lot shall:

1. Subdivision Control

- (a) Not subdivide the Burdened Lot. Exemptions may be allowed for some Lots on written approval from the relevant developer as provided under clause 8 above. For the purposes of this clause "subdivide" shall have the meaning as given to the expression "subdivision of land" set out in Section 218 of the Resource Management Act 1991; but
- (b) Any boundary adjustment that does not create a separate building site shall not be in breach of this condition.

2. Building Controls

Not erect or permit to be erected upon the Burdened Lot:

- (a) Any more than one dwelling and one associated outbuilding unless written approval is first obtained.
- (b) A dwelling (including garaging) with an internal ground floor area of less than 140m² unless the prior written approval is first obtained.

- (d) Any dwelling in board and batten or ply and batten, hardiplank, fibrelight, or hardiflex the area of which exceeds 30% of the total area of the dwelling, building or other structure on each occasion as the case may be, unless prior written approval is granted.
- (e) Any pre-used dwelling building or structure or any kitset type dwelling.
- (f) Any dwelling to a shape, which is a single rectangle, or without containing at least one roof break or full valley in the roof.
- (g) Any dwelling or outbuilding incorporating second-hand building materials (excluding recycled bricks) unless the prior written approval is obtained.
- (h) Any outbuildings other than an outbuilding of a style similar to the dwelling erected or to be erected on the land or other than one pre-fabricated (but not pre-used) garden shed which is adequately screened from neighbouring properties.
- (i) Any dwelling, building, mast, aerial, tree or shrub higher than 5.5 metres above the average ground level of the Lot (other than for Lots 3, 6 and 7 where that height is to be 5 metres). If any tree,

This approved format may be used for lodgement as an electronic instrument under the Land Transfer Act 2017

shrub or other planting on these Lots exceeds the specified height and is obstructing the views of any other Lot in the subdivision, then a suitable qualified arborist will trim the tree, shrub or plant so that it complies with this restriction and the cost of so doing will be billed to the Lot owner in breach.

(j) Any fence or fence within the Lot:

- i. built of galvanised iron, polite or cement board panels; nor
- ii. comprising any live hedge exceeding 1.8 metres in height.

(k) Any boundary fence:

- i. built of galvanised iron, polite or cement board panels; nor
- ii. within 2 metres of the road boundary unless it is visually permeable and does not exceed a height of 1.2m ("the initial maximum height"); nor

3. **Exclusion of Institutional Use**

Not use or permit the use of any of the property for institutional residential purposes. For the purposes of this clause "institutional residential purposes" shall include but not be limited to the use of the property for housing purposes by central or local government agencies or public or private health sector agencies.

4. **Maintenance of Lot**

Maintain the Lot to a standard which is acceptable and shall not allow it to become unsightly or a fire hazard. If grass or weeds are allowed to exceed 200mm in height Chesham Estates Limited or Oregon Land Limited reserves the right to have the Lot mowed and the Lot Owner agrees to accept liability for such cost plus 50%

5. **Building Time Limits**

Ensure that:

- (a) the exterior of the dwelling house shall be closed in within six months of laying down the foundations of the house; and
- (b) the house and landscaping shall be fully completed within twelve months from the date of commencement of building.

6. **Construction Parameters**

Not live on-site in temporary accommodation while constructing the principal dwelling and no building once under construction shall be left without substantial work being carried out for a period of 3 months.

7. **Streetscape**

Not use adjacent or adjoining land and footpaths for access and dumping of rubbish, which is strictly prohibited. The Lot Owner shall reinstate or replace (or be responsible for all costs arising from damage to) the landscape, roading, footpaths, kerbs, concrete or other structures in the subdivision arising from either:

- i. the Lot Owner's use of the land; or
- ii. directly or indirectly through the Lot Owner's actions or those of the Lot Owner's agents or invitees.

8. **On-site Parking and Storage**

Not:

- (a) bring onto or allow to remain on any Lot or on any road or thoroughfare of the subdivision, any caravan, recreational vehicle, craft, trailer, trade vehicle, other equipment, materials or machinery unless garaged or sufficiently screened from any road adjacent to the Lot and from neighbouring Lot(s);
- (b) park or allow to remain parked more than two cars in the front yard;

This approved format may be used for lodgement as an electronic instrument under the Land Transfer Act 2017

(c) form a driveway and/or parking bay exceeding a width of 7 metres (ie 2 car park widths);

so as to preserve the amenity of the subdivision (other than during the period of construction on the property). In this restriction the term "front yard" means the general area between the road frontage and the dwelling.

9. Maintain Property

Not allow the Lot or buildings thereon to deteriorate in any way which detrimentally affects the amenity of the subdivision (including permitting noise to escape which is likely to cause offence to any other occupiers of any Lot(s)).

Explanatory Note

At the date of registration of this Covenant Instrument there is an earlier Land Covenant affecting Lots 1-11 and 28-30 (inclusive), registered on 7.4.2009 under Easement Instrument 8125432.8 ("earlier covenant"). Under this earlier covenant a height restriction was also imposed, requiring that no dwelling, building, mast or aerial should exceed a height of 57.55 metres above the Tasman District Council datum.

The Tasman District Council datum standard has since been replaced by NZVD 2016. The height of 57.55 metres Tasman District Council datum now equates to 57.22m NZVD 2016.

In layman's terms the maximum height imposed under restriction 2(i) of this Covenant Instrument is lower than the maximum height permitted under the earlier covenant.
