DATE: 21-Aug-12 CONDITION No: C1402

STREET ADDRESS: All properties contained in Airshed B2 (consult Fig A2.2B in Air Plan)

DIAGRAM: No

LEGAL DESCRIPTION: Various

PROPERTY OWNER
or SUBDIVIDER: Various

SCHEME PLAN No: NA

NCC PLAN No: Air Quality Plan

AUTHORITY: Principal Adviser, City Development (see David Jackson or Richard Frizzell)

REASON FOR CONDITION:

(Abbreviated) This property may contain a domestic spaceheater or open fire that falls under the rules set out in the Council's Air Quality Plan. Under rule AQR.24.1, within the Urban Area the use of open fires must cease on or before 1 January 2008 (except that any 'Jetmaster' type open fire (including Warmington brands) may continue until 1 January 2013). Discharge to air from open fires is prohibited after that date. In addition, within Airshed B2 (as defined in the air plan) the use of existing enclosed burners installed before 1991 was phased out by 1 Jan 2010 and burners installed between 1991-95 by 1 Jan 2012. This is necessary to meet the targets imposed by the National Environmental Standards for air quality.

CONDITION:

The Air Quality Plan states that within this airshed (Airshed B2 – consult Fig A2.2 in Air Plan) no discharge from domestic-type fires may occur after the cessation date below.

Type of heating appliance	Cessation Date May no longer be used from:
Open fires (‘Jetmaster’ type Open Fires)	1/01/2008 (1/01/2013)
Burners installed before 1991	1/01/2010
Burners installed between 1991 and 1995	1/01/2012

Council approved wood burners may only be installed in place of an existing 'lawfully installed' burner (rule AQR.25). (continues next page)

If you live in Airshed B2 (Stoke) and are either building a new home or do not have an existing enclosed wood burner, you can apply for a building consent to install an ultra-low emission wood burner (ULEB) (rule Aqr.26A)

NOTE: In buildings that currently do not have a solid fuel burner, a limit of 999 ULEBs applies in Airshed B2.

For further information on other approved burner options refer to the NCC website:
<http://www.nelson.govt.nz/environment/air-quality/approved-burners/>

Note: rule AQR.25A contains special transitional provisions for houses in former Rural Areas which have become part of the Urban Area since the Air Quality Plan was notified in August 2003.

Amended: 1 October 2018

Date Entered: 21-Aug-12
