# Client Approval

We are so excited for you to get to this stage with us. Now that you have made all of the decisions, we can sign off on them and get moving towards getting you into your new home.

This agreement will form the foundation for building your new home. All previous discussions you have had with our team members at Homes by Orange about the specifications and details of your home are superseded by this document. This document is the final representation of what you agree on for your new home.

Attached to this document are specifications from contractors undertaking work on behalf of Homes by Orange. Please work through the checklist below and go through these documents, initialling and dating these as you work through them.

- Kitchen Joinery - Placemakers
- Floor coverings - Hubbers
- Windows and doors – Nulook
- Electrical plan – Paul Morris Electrical

To ensure that you acknowledge all aspects of this schedule, we will tick each specification as we work through this document and initial the bottom of each page.

This acknowledgement states that you fully understand what you are signing off on. If for any reason you don't understand anything you are initialling, please ask your consultant to explain. Don't sign it until you do understand and you are happy with the specifications.

After all, we want to make sure you get exactly what you want!

# General

- This schedule and works should be read in conjunction with the plans. Where any ambiguity occurs, this schedule shall take precedence.
- All work is to be completed in accordance with the schedule of materials and works best industry practice, including the NZ building code and the relevant acceptable solutions. Additional costs incurred as a result of changes in the building code or conditions over the contract period will be charged to the owner.
- The pictures shown in this schedule are an example only to give an indication of the product and the wording is to take precedence over any image.
- It is the clients responsibility to highlight any covenants.
- Certified Builders 10 year guarantee included
- Includes full working drawings
- Includes a provisional sum of **\$6,492.00 including GST** for the building consent fees BRANZ levy and the department of housing levy
- Development contributions levy and service connection fees by any council are not included
- Includes Network Tasman new load policy fee, this will be included as part of your electrical
- Resource consent fees are not included
- Maintenance period shall be 365 days from the procession date
- From accepting and signing a variation to contract, an invoice shall be created. All payments of variations are due within seven working days of the date the invoice is issued. If there is a delay in payment, this could result in a delay of your build.
- Builders All Risk and liability insurance cover whilst under construction for good and services by Homes by Orange only.
- Homes by Orange have an active health and safety policy in place and is committed to this policy
